Dear Valued Customer:

We certainly appreciate your concern regarding contamination of certain imported food and feed ingredients.

NutraCea's products are made from rice bran of U.S. origin, and we do not use ingredients from China. However, just to be prudent, we had our products tested for melamine via HPLC-UV at an independent laboratory. As expected, the results came back negative for melamine.

Please do not hesitate to contact us at any time, should you have any questions or require additional information.

Sincerely yours,

A handwritten signature in black ink that reads "Leo Gingras". The signature is fluid and cursive, with the first name "Leo" and last name "Gingras" clearly distinguishable.
